

Protect yourself against the rain, wind and cold with the hi-vis parka Thoras. With a water-repellent outer fabric and a moisture-absorbing coating on the inside, you are protected against the weather and you never get a clammy feeling at the same time. The parka has a detachable hood with chin guard, extended back, sleeve narrowing and knitted wind cuffs in the sleeves for increased comfort. The padded lining with elastic material in the sleeve ends is removable so that you can wear this hi-vis parka during all seasons.
